

SK Deco-R

Rondel

Round disc made of Verolith granulate

- Thickness: 5 mm
- Diameter: 20 mm
- colour: white

Applications

- for covering recessed akurit SK Deco-S screw anchors
- for external and interior use

Processing

Applying / Processing / Assembling

- After screwing in the akurit SK Deco-S screw plug, place the supplied foam cap on the plug head. Then glue the akurit SK Deco-R rondel into the dowel hole with akurit SK Deco-SPK stucco profile adhesive so that it is level. Sand the sealing point smooth and, if necessary, fill with akurit akurit SK Deco-SPK stucco profile adhesive.

Storage

- Store dry and as per instructions.
- Goods are sensitive to impact. Do not load.

General notes

This information sheet provides only general recommendations. Should you have any queries relating to a specific application, please contact our technical sales advisor or call our hotline: +49 541 601-601. All of the details given are based on our current knowledge and experience and on the assumption that the materials are professionally applied and used for their normal purpose. All of the details are non-binding and do not release users from their duty to undertake their own tests to ensure suitability for the intended application. Due to the effects of different weather, processing and construction site conditions, no guarantee can be given for the general validity of all details. We reserve the right to make changes as a result of further development of the product and applications engineering. The general rules for construction engineering, the valid standards and guidelines, and the technical working guidelines must be observed. The publication of this technical data sheet renders all previous editions of this data sheet void. Please obtain the latest information from our website.
